The Christmas Tree

by Aileen Fisher

My kitten thinks the Christmas tree is more than something just to see.

She taps the balls of green and red and swings the tinsel overhead.

She rings the bells and starts to purr as if we trimmed it all for her.

Add more decorations on the tree. Color all.

1. Read the poem with a friend.
2. Circle the rhyming words.
3. Color the balls red and green.
