

Colors and Colors

Sometimes I think of colors
one by one by one ...
Pink for puffy evening clouds
Yellow for the sun.

I think of watermelon
for something that is *green*,
or an *orange* jack-o-lantern
on the night of Halloween.

I think of *purple* eggplant,
and sky that's bright and *blue*,
or *white* for sneaker laces,
especially when they're new.

Sometimes I think of traffic lights
when they just turn to *red*,
or else I think how *black* it is
at night when I'm in bed.

I might think of an elephant
for something that is *gray*.
I like to think of colors
and have some fun that way.
