

Ladybug and Friends

Little red ladybug sits on a leaf.
She sits on a leaf on a tree,
And as she sits on that little green leaf,
There are so many friends to see!
Little yellow bumblebees buzz by the leaf.
They buzz by the leaf on the tree.
And as they buzz by that little green leaf,
There are so many friends to see!
Little brown crickets go chirping by the leaf.
They chirp by the leaf on the tree,
And as they chirp by that little green leaf,
There are so many friends to see!
Little tiny ants go scurrying by the leaf.
They scurry by the leaf on the tree.
And as they scurry by that little green leaf,
There are so many friends to see!
Little green grasshoppers go hopping by the leaf.
They hop by the leaf on the tree.
And as they hop by that little green leaf,
There are so many friends to see!
Little shy butterflies go fluttering by the leaf.
They flutter by the leaf on the tree.
And as they flutter by that little green leaf,
There are so many friends to see!
All the little insects sitting by the leaf.
They sit by the leaf on the tree.
And as they sit by that little green leaf,
They're a happy insect family!

1. The little red _____ is sitting on a _____.
2. What insects came by first? _____
3. The little brown _____ were _____ by the leaf.
4. What word describes the butterflies? _____.
5. All the insects are a happy _____!

**Draw some crickets near the leaf.
