Martin Luther King, Jr.

Martin Luther King, Jr. was born on January 15, 1929 in Atlanta, Georgia. His mother was a teacher and his father was a preacher. He was an excellent student and went to college when he was only 15 years old. He became a great preacher, leader, and speaker.

Dr. King had a dream of peace. He believed all people should be treated equally and fairly. Sadly he was killed on April 4, 1968.

We honor his life by celebrating Martin Luther King day in January each year.
