Mammals are vertebrates.
This means they have a backbone.

1.

Mammals have hair
and are warm blooded.

2.

Most mammals give birth
to live babies.

3.

Mammals breathe with lungs.

4.

Mammals can be carnivores (eat meat)
or they can be herbivores (eat
vegetation) or they can be both.

5.

Draw your favorite mammal.

6.

Directions:

Fold each page in half with the writing to the outside.

Slip the numbered pages in order inside the cover page with the folded edge to the outside or right side of the book. Staple the pages together on the left side. Having the pages folded instead of cut apart makes them sturdier. Also, you can print the cover page on cardstock to make the book last longer. Have students add a picture of their favorite mammal on the last page.

Enjoy!
