Parrots

Red and blue and orange and green,
Parrots have feathers like you’ve never seen!
The white-feathered cockatoo’s a friendly fellow,
Wearing a beautiful crown of yellow!
The scarlet macaw is a bird to hail
With an orange-red, long, and very straight tail!
The rainbow lorikeet flies quite high
And looks like a rainbow in the sky!
Red and blue and orange and green,
Parrots have feathers like you’ve never seen!
