Summer is the season that comes after spring. In summer the temperature outside gets hotter and we have more daylight. In most countries this is the time of year children are out of school for summer vacation. This is the season to eat strawberries, corn on the cob, watermelon, and lots of ice cream. Yummy!

Sometimes families like to go on picnics or go on vacations. You can go swimming or wading at the pool. It is fun to go camping and sleep in a tent.

What do you like to do in summer?

Summer is fun!

1. Summer comes after ____________________.
2. The temperature is ____________________.
3. What foods are good to eat in summer?
