Do you know the world’s largest bird?  
Aw—it’s the ostrich!  
What bird is eight feet tall?  My word!  
Aw—it’s the ostrich!  
Who moves 15 feet in a single step?  
Who runs forty miles an hour with pep?  
Who roars like a lion, hisses like a snake,  
And weighs 300 pounds, for heaven’s sake?  
Aw—it’s the ostrich!
