

Tooth Truth!

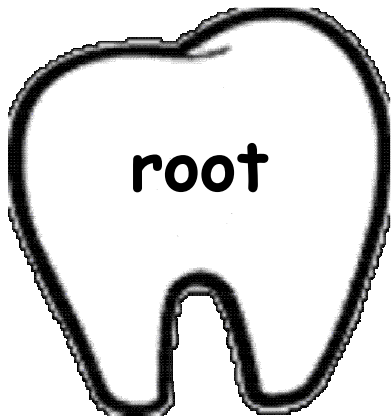

Name _____

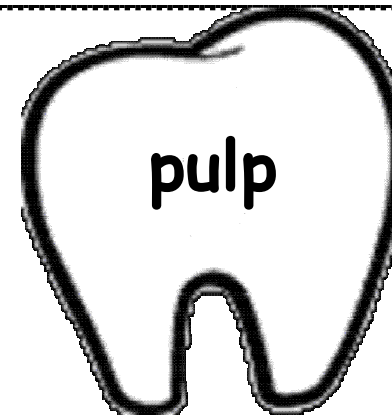

The **crown** is the part of the tooth you can see.

1

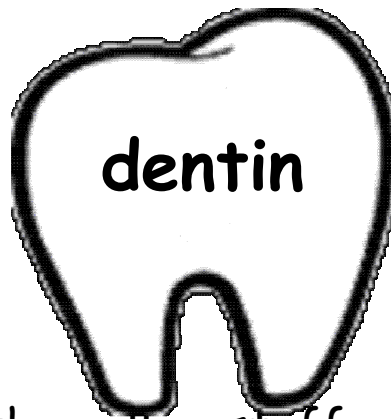

The **root** holds the tooth in the jaw.

2

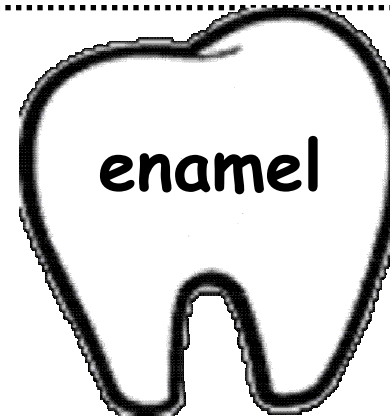

Pulp is the inside part of the tooth. It has nerves that feel pain and blood vessels to keep the tooth healthy.

3

Dentin is the yellow stuff around the pulp. It is harder than bone and makes up most of the tooth.

4

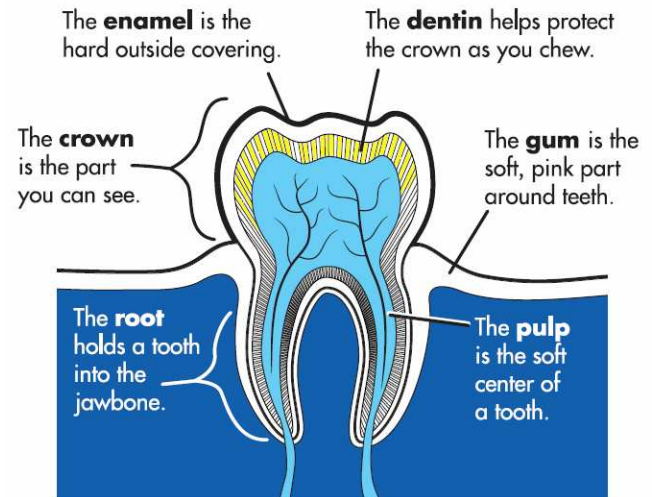

Enamel covers the crown of the tooth. It is the hardest tissue in the body and protects teeth while you chew.

5

The **gum** is the soft, pink part around the teeth.
